

NITHEESHWARAN V.

B.E. COMPUTER SCIENCE & ENGINEERING STUDENT | ASPIRING SOFTWARE DEVELOPER

Email: v.nitheeshwaran35@gmail.com | Phone: +91 9150626410 | Location: Srimushnam, Tamil Nadu - 608703

CAREER OBJECTIVE

Enthusiastic and detail-oriented 3rd-year Computer Science and Engineering undergraduate seeking opportunities in software engineering and full-stack web development. Eager to leverage hands-on proficiency in Java, Python, Node.js, Express, and MySQL to design high-performance, user-centric software solutions.

EDUCATION

Government College of Engineering, Thanjavur (Sengipatti)

2024 – 2028

Bachelor of Engineering (B.E.) in Computer Science and Engineering

Academic Standing: CGPA 7.59 (up to 4th Semester)

D.V.C Higher Secondary School, Srimushnam

Completed 2024

Higher Secondary Certificate (HSC / 12th Grade) - State Board

Score: 80.6%

SKILLS MATRIX

Programming Languages:	Python, Java, C, Object-Oriented Programming (OOP)
Web & Backend:	HTML5, CSS3, JavaScript, Node.js, Express.js, REST API, MySQL, MySQL2
Tools & Productivity:	MS Excel, MS Word, MS PowerPoint, Git, VS Code
Core Competencies:	Teamwork, Leadership, Problem Solving, Analytical Thinking, Quick Learner

INTERNSHIP EXPERIENCE

Java Full Stack Web Development Intern

June 2026 – July 2026

Scion Research and Development, Thanjavur

- Completed an intensive 1-month professional internship concentrating on Java Full Stack Web Development.
- Gained practical industry exposure through hands-on project implementations utilizing Java, JDBC, and relational databases.
- Developed modular server-side routines, understood enterprise application architecture, and integrated dynamic user interfaces.

KEY TECHNICAL PROJECTS

Smart College Complaint Management System

[HTML5, CSS3, JavaScript, Node.js, Express.js, MySQL]

- Engineered an end-to-end grievance resolution portal enabling students to log academic and campus issues seamlessly.
- Implemented administrative routing and tracking workflows for status updates (Submitted, Under Review, Resolved).
- Applied secure parameterized queries in MySQL to ensure data sanitization and prevent injection vulnerabilities.

Student Academic Performance & CGPA Tracker

[JavaScript, CSS3, Express.js, MySQL]

- Designed an interactive calculation tool conforming to Anna University regulations for SGPA and cumulative CGPA.
- Equipped students with semester performance analytics, target grade estimators, and clear tabular breakdowns.

EXTRACURRICULAR ACTIVITIES & CERTIFICATIONS

- Certificate of Completion: Java Full Stack Web Development – Scion Research and Development, Thanjavur.
- Active participant in Technical Symposiums, Inter-college Coding Contests, and Web Workshops.
- Demonstrated collaborative leadership in organizing departmental student technical forums.
